- Art projects
- Classrooms
- Stage
- business
- Public places

experience

open-up

getting giving an opportunity

anonym → breaking barriers

- Cultural Barriers 'culture' everything
  - language
  - awareness of values/preferences
  - fear, hesitation, uncertainty of behavior
  - workplace culture
  - teamwork
  - cl/ol group
  - respect for life
  - danger

Social "STREAM" live-streaming

change - incentivize approach  
get people to want to dive in  
dive in

Bus Station  
ideas messages "add"   
hide country connect stations

Bus take current

VR

click to show what it looks like  
Camera to see what it looks like

waiting where

bus lines - airlines  
other person

people watch  
wait to wait  
attitude

not knowing how much time you have

Sorting Service

land

mood capturing

wasted time emails  
re-reading

Atmosphere "Vibes" - measures mood + things to do  
food

humans  
- resource  
- potential

energy  
talking  
walking / biking  
tired  
sleepy

Spotify for mood environment  
moodify

see real time video of where you want to go → give cameras and get \$ for customer  
privacy

industrial waste

finance

mood capturing

Information

LCD - everyone contributes to one mood  
have to live with your decisions  
plans/spaces aren't intuitive to where

- physical object on bus / certain area

→ color-coding

- app → connects people via sound signal

"social drop" (in) / dive

- socialize button on every seat
